1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Government, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

Per Company's Rupee for Advances made at.....	Bengal.
Ditto..... Ditto.....	Madras.
Ditto..... Ditto.....	Bombay.
Per Spanish Dollar Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both

in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose so re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to Insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however, the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to Insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 of 1838.

STEAM NOTICE.

THE Government of Bombay having fixed the 30th of the ensuing month of September for the despatch of a Steamer thence with a Mail for Suez — Notice is hereby given, that the latest safe date for the transmission of letters from Calcutta, which may be intended for conveyance by that opportunity, will be the 13th proximo.

POST OFFICE NOTICE.

NOTICE.—Under the Orders of the Hon'ble the President in Council, from and after the 15th of the ensuing month of January, there will be a second despatch, daily, from Calcutta to Khamrah, six stages in advance of Berhampore; as, also, a second daily despatch thence to Calcutta. The ordinary Mail, from Calcutta, as at present, will go out at 8 P. M. The other daily despatch will be sent off at noon.

Barrackpore	Jehanagore	The mid-day despatch will convey letters, newspapers, &c. for the stations noted in the margin, thus giving them an advantage of 8 hours over the night Mail.
Serampore	Patoolee	
Chandernagore	Cutwah	The hour most suitable for despatching the second daily Mail from Khamrah will be fixed by the local Post Master, so that, similar convenience may be afforded to the Public, by a saving of 12 hours, more or less, in the arrival of letters, &c. in Calcutta from the stations specified.
Hooghly	Morai	
Noiserai	Berhampore	It has not been found expedient to extend the double despatch on this line of Dawk route, beyond Khamrah, as the great increase of expense for the maintenance of the additional establishment which would thus be required, would not be compensated for by the advantage likely to be gained.
Digrahi	Jeagunge	
Santipore	Bogowangolah	Arrangements are making for adopting a similar double-despatch, along the whole line of Dawk route, from Calcutta to Kurnaul, which will, probably, be brought into operation by the 1st of February next; but of which, further notice will be given, hereafter.
Nuddea	Jungypore	
Calnah	Khamrah	Letters for the stations specified which may be intended for transmission by the mid-day Mails, must be delivered at the General Post Office between the hours of 10 and 11½ A. M.

OVERLAND LETTERS AND POSTAGE.

It is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which that route amounts to 2s. 8d. By the Falmouth route, letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; if transmitted by the way of Marseilles, they are charged 2d. each.

The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

GENERAL DEPARTMENT,
THE 9TH SEPTEMBER, 1840.

The Right Hon'ble the Governor General in Council directs that the following Order in Council, published in the *London Gazette* of the 5th June last, received from the Hon'ble the Court of Directors, be republished at this Presidency for general information.

At the Court at *Buckingham-Palace*, the 22d day of May, 1840.

PRESENT,

The QUEEN'S Most Excellent Majesty in Council.

WHEREAS by an Act, passed in the session of Parliament held in the sixth and seventh years of the reign of His late Majesty King William the Fourth, intituled "An Act for granting to His Majesty, until the fifth day of July one thousand eight hundred and thirty-seven, certain duties on sugar imported into the United Kingdom, for the service of the year one thousand eight hundred and thirty-six," it was, among other things, enacted, that on and from and after the fifth day of July one thousand eight hundred and thirty-six, and until the fifth day of July one thousand eight hundred and thirty-seven, there should be raised, levied, collected, and paid unto His Majesty, his heirs, and successors, among other duties of customs therein mentioned, the duty on sugar, being the growth of any British possession within the limits of the East India Company's charter, into which the importation of foreign sugar might be by that Act prohibited (which prohibition extended only to the presidency of Fort William, in Bengal, and its dependencies, being British possessions), and imported from thence, of one pound four shillings (£1-4s.) the hundred weight:

And by the same Act it was further enacted, that before any sugar should be entered as being of the produce of any of the provinces composing the presidency of Fort William, in Bengal, or of any of the dependencies thereof, being a British possession, at the lower rate of duty fixed by that Act (being the said duty of one pound four shillings (£1-4s.) the hundred weight), the master of the ship importing the same should deliver to the collector or controller of the customs at the port of importation a certificate, under the hand and seal of the collector of sea customs of the port where such sugar was taken on board, within the limits of the presidency of Fort William, in Bengal, or of any of the dependencies thereof, being a British possession, testifying, that there had been produced to him by the shipper of such sugar a certificate under the hand and seal of the collector, or assistant collector of the land or custom revenue of the district within which such sugar was produced, that such sugar was of the produce of the district, and that the importation into such district of foreign sugar, or sugar the growth of any British possession into which foreign sugar could be legally imported, was prohibited, which certificate so granted by the said collector of sea customs should state the name of the district in which such sugars were produced, their quantity and quality, the number and denomination of the packages containing the same, and the name of the ship in which they were laden, and of the master thereof; and that such master should also make a declaration before the collector or controller that such certificate was received by him at the place where such sugar was taken on board, and that the sugar so imported was the same as was mentioned therein:

And it was by the said Act further enacted, that it should be lawful for the Governor-General of India in Council, to appoint any officer or officers, other than the said collector and assistant collector of land revenue, and the collector of customs, to give such certificates:

And whereas, by an Act, passed in the session of Parliament held in the seventh year of the reign of His said late Majesty King William the Fourth, and the first year of the reign of Her Majesty, it was, among other things, enacted, that the duties imposed on sugar by the said Act should be further continued, until the fifth day of July one thousand eight hundred and thirty-eight:

And whereas by another Act, passed in the session of Parliament held in the first and second years of the reign of Her Majesty, intituled "An Act for granting to Her Majesty, until the fifth day of July

"one thousand eight hundred and thirty-nine," certain duties on sugar imported into the United Kingdom, for the service of the year one thousand eight hundred and thirty-eight," the said duties on sugar were continued until the fifth day of July one thousand eight hundred and thirty-nine :

And whereas by another Act, passed in the session of Parliament held in the second and third years of the reign of Her Majesty, intituled "An Act for granting to Her Majesty, until the fifth day of July one thousand eight hundred and forty, certain duties on sugar which should be imported into the United Kingdom, for the service of the year one thousand eight hundred and thirty-nine," the said duties on sugar were further continued until the fifth day of July one thousand eight hundred and forty :

And, by the same Act, it was enacted, that if at any time satisfactory proof should have been laid before Her Majesty in Council, that the importation of foreign sugar into any British possession, within the limits of the East India Company's charter, was prohibited, it should be lawful for Her Majesty, by and with the advice of Her Privy Council, or by Her Majesty's Order in Council, to be published, from time to time, in the London Gazette, to allow the importation of sugar, the growth of any such British possession, at the lower rate of duty in the said first therein and hereinbefore recited Act, specified, in like manner and under the same restrictions as sugar the growth of the presidency of Fort-William, in Bengal, might be imported, subject to a lower rate of duty under the provisions of the same Act :

And whereas by an Act, passed by the Honourable the President of the Council of India, in Council, on the tenth day of June one thousand eight hundred and thirty-nine, the importation of foreign sugar, or any sugar which is the growth of any British possession into which foreign sugar can be legally imported, was prohibited in any part of the territories subject to the Government of the presidency of Fort Saint George :

And whereas it is considered by Her Majesty to be expedient to allow the importation of sugar, the growth of any part of the said territories subject to the Government of the presidency of Fort Saint George, at such lower rate of duty as hereinbefore mentioned, Her Majesty is therefore pleased, by and with the advice of Her Privy Council, to allow the importation of sugar, the growth of any part of the said territories subject to the Government of the presidency of Fort Saint George, at the lower rate of duty in the first hereinbefore recited Act specified, in like manner, and under the same restrictions and conditions, as sugar, the growth of the presidency of Fort William, in Bengal, may be imported, subject to a lower rate of duty under the hereinbefore recited provisions of the same Act.

And the Right Honourable the Lords Commissioners of Her Majesty's Treasury, and the Right Honourable Sir John Holhouse, Bart., President of the Board of Commissioners for the Affairs of India, are to give the necessary directions herein as to them may respectively appertain.

Wm L. Rathurst.

NOTIFICATION.

Subordinate Officers of the Medical Department having, in several instances lately, been necessarily placed in independent Medical charge of Stations in the Extra Regulation Provinces, it has become expedient to regulate the scale of remuneration to be granted to those Officers under such circumstances :

The Right Honourable the Governor of Bengal has accordingly been pleased to approve of :

Full Apothecaries drawing a consolidated allowance of Co's Rs. 200 per mensem—and

Assistant Apothecaries drawing a consolidated allowance of Co's Rs. 120 per mensem, when in independent Medical charge of a Station; but it is distinctly to be understood, that the above allowances are only to be granted, upon the certificates of the Local Authorities and the Superintending Surgeon of the Division, to the effect, that the distance at which the nearest Commissioned Medical Officer may be situated, is too great to admit of his exercising an efficient control over the Station of which the Medical Warrant Officer may have charge.

The Collector has nothing to do with the landing of Packages from Ships, and with forwarding them to their owners or destinations.

OVERLAND LETTERS AND POSTAGE.

It is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

FORT WILLIAM,
GENERAL DEPARTMENT,
THE 9TH SEPTEMBER, 1840.

The Right Hon'ble the Governor of Bengal, in continuation of the publication of this Department dated the 18th December 1839, in the *Calcutta Gazette* of the 25th idem, directs that the following Copy of a Despatch addressed by Sir George Gipps to Her Majesty's Secretary of State for the Colonial Department under date the 1st November 1839, relative to the effect of the alteration of the Minimum price of Land in New South Wales upon the Interests of Naval and Military Settlers, received from the

Hon'ble the Court of Directors, be published for general information.

Executive. GOVERNMENT HOUSE,
No. 142. Sydney, 1st Decr. 1839.

MY LORD,

In the concluding part of my despatch No. 62 of the 1st April last, I stated to your Lordship the course which I had then adopted with respect to the remission allowed in the purchase of Land to Military and Naval Officers settling in the Colony: and that under the advice of the Executive Council it had been determined, that all Officers who might *bonâ fide* have left England on the faith of the Regulations of the 15th August 1834, should be considered Settlers under those Regulations, and have the full benefit of them.

I have now to report to your Lordship, that difficulties having arisen in deciding upon the claims of Officers to be considered Settlers under the old Regulations, I felt the necessity of laying down some definite rule upon the subject, and that consequently it was fixed with the advice of the Executive Council, that all officers who left the United Kingdom before the 1st January 1839, should have the full benefit of the Regulations of the 15th August 1834, whilst those who might leave England on or after the same day, should be considered Settlers under the Regulations of the 1st August 1838.

As I have reason to believe that some Officers who feel themselves aggrieved under this decision, have made representations on the subject to the Lords of the Admiralty, or to the General Commanding in Chief, I feel it right to address your Lordship more at length upon the subject, and particularly to explain the way in which Officers are affected by the change in Regulations.

The Regulations of 1838 differ from those of 1834 solely by the omission of the 8th Clause, or the Clause by which Officers were allowed to take the amount of their remission money in land at the upset price and without competition, provided such land had been previously exposed to sale at public auction, and not bought. Under the old Regulations, as under the new, the advantages held out to Officers were estimated in money and not in land, and the price at which Officers were allowed by the 8th Clause of the old Regulations to obtain land which had been exposed to auction, was not the fixed price of 5s., but the upset price which could never be less than 5s. per acre, though it might very much exceed it. Whatever might be the price at which a certain piece of land had been put up, at that price an Officer could obtain it: such at least was (I apprehend) the meaning of the Regulations: in practice, however, all land was, with little exception, put up, until very lately at 5s. per acre, whatever might be its value, and as at every sale a good deal remained unsold, the aggregate quantity of land which had been put up at 5s. but not sold, came to be very considerable, but of this land it was not difficult for an Officer having good means of information, and allowing himself sufficient time for enquiry, to select portions worth considerably more than 5s., and by a local Regulation he was not confined to the exact quantity sufficient to absorb his remission money, but was allowed to take, at the same price of 5s. the excess that there might be in the lot or lots selected by him, over what his remission money would cover. For example, a Captain in the Army entitled to a remission of £200 might select two sections of 640 acres each (one section not being sufficient to absorb his remission money.) The price of these two sections of land at 5s. per acre would be £320, he would, therefore, in addition to his remission money have to pay one hundred and twenty pounds out of his pocket: the real value of the land, however, or what it would fetch if again put up at auction, might be, and perhaps generally was, about seven shillings, it is therefore evident that in addition to his remission money he must gain an advantage of two shillings per acre on the whole one thousand two hundred acres, or one hundred and twenty-eight pounds, making his real remission three hundred and twenty-eight pounds in lieu of two hundred pounds. In proportion to the rise in the value of land his advantage would of course be increased, and if it were so to rise as to make the value of the land 12s. per acre, the additional advantage would be 7s. on each of the 1280 acres (or £428) and the real remission would of course be £628 in lieu of two hundred pounds.

This statement will sufficiently explain to your Lordship the dissatisfaction with which the new Regulations have been received by Officers recently arrived in the Colony. Many of those Officers have complained that they were not made aware of the change before they left England, by any public notice, either from the Horse Guards or the Admiralty, but this omission (allowing it to have been such) is one for which I respectfully submit that this Government can be in no way responsible.

It seems to me extremely probable that the altered position in which Officers are placed by the new Regulations, is not even known at the Horse Guards, as Certificates are still given to Officers, in which the General Orders issued to the Army on the 25th August 1834 are quoted, although those Officers come clearly under the Regulations of the 1st August 1838: a copy of one of these Certificates I enclose, in which the Officer is stated to be about to proceed to New South Wales as a Settler, under the General Order of the 25th August 1834, although he obtained his first Commission in the Army subsequent to the new Regulations of August 1838.

I beg to assure your Lordship that I am always happy to see Officers of the Army or Navy in the Colony, and am anxious to secure to them all the advantages intended for them by Her Majesty's Government. At the same time I think it my duty to say that although they certainly are now in a less favorable position than they were, the real difference is that they henceforth will get only what was intended for them, whilst heretofore they got more.

SIR,

I am directed by Lord John Russell to transmit to you for the information of the President of the Board of Control, the Copy of a Despatch from the Governor of New South Wales, relative to the effect which the alteration of the minimum price of land in that Colony has on the interests of Naval and Military Settlers.

Lord John Russell has had under his consideration representations from various parties affected by the recent Regulation: but His Lordship does not feel justified in directing a further modification of it in favor of Naval or Military Settlers than that reported in the enclosed Despatch. The amount of remission which may be accorded to them in the purchase money must be considered as quite independent of any increase which may take place in the price of Land at Government Sales.

I am, &c.

NOTICE—Under the Orders of the Hon'ble the President in Council, from and after the 15th of the ensuing month of January, there will be a second despatch, daily from Calcutta to Khamrah, six stages in advance of Berhampore; as, also, a second daily despatch thence to Calcutta. The ordinary Mail, from Calcutta, as at present, will go out at 8 p. m. The other daily despatch will be sent off at noon.

Noiserai Berhampore
Digrahi Jeagunge
Santipore Bogowangolah

The mid-day despatch will convey letters, newspapers, &c. for the stations noted in the margin, thus giving them an advantage of 8 hours over the night Mail.

The hour most suitable for despatching the second daily Mail from Khamrah will be fixed by the local Post Master, so that, similar convenience may be afforded to the Public, by a saving of 12 hours, more or less, in the arrival of letters, &c. in Calcutta from the stations specified.

It has not been found expedient to extend the double despatch on this line of Dawk route, beyond Khamrah, as the great encrease of expense for the maintenance of the additional establishment which would thus be required, would not be compensated for by the advantage likely to be gained.

Arrangements are making for adopting a similar double-despatch, along the whole line of Dawk route, from Calcutta to Kurnaul, which will, probably, be brought into operation by the 1st of February next; but of which, further notice will be given, hereafter.

Letters for the stations specified which may be intended for transmission by the mid-day Mails, must be delivered at the General Post Office between the hours of 10 and 11½ a. m.

East India Army Agency,

16, CORNHILL, AND 8, ST. MARTIN'S PLACE,
CHANCERY CROSS.

Messrs. GRINDLAY, CHRISTIAN, & MATTHEWS.

THE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his sole management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN AND MATTHEWS, he begs to assure his numerous

friends and well wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance.—Its pretensions were tested by experience, and the value of the facilities which it afforded for the dispatch of business, tried and vouched for by a large proportion of those whose engagements led them to India. It is acknowledged with pride, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment and greatly enlarging the circle of its usefulness.

In conclusion, Messrs. GRINDLAY, CHRISTIAN AND MATTHEWS have only to remind their Subscribers and the Public at large, that they continue to transact every description of business connected with India and the Colonies.

Parties desiring to support this Agency are informed that Subscriptions of 12 Rupees per annum will be received by

Messrs. COLVIN, AINSLIE, COWIE & Co., Calcutta.
Messrs. BINNY & Co. Madras.
Messrs. LECKIE & Co. Bombay.

POST OFFICE NOTICE.

NOTICE—Under the Orders of the Hon'ble the President in Council, from and after the 15th of the ensuing month of January, there will be a second despatch, daily, from Calcutta to Khamrah, six stages in advance of Berhampore; as, also, a second daily despatch thence to Calcutta. The ordinary Mail, from Calcutta, as at present, will go out at 8 P. M. The other daily despatch will be sent off at noon.

Barrackpore, Serampore, Chandernagore, Hooghly, Noiserai, Digra, Santipore, Nuddea, Calnah, Jehanagore, Patoolce, Cutwah, Merai, Berhampore, Jeagunge, Bogowangolah, Jungypore, Khamrah. The mid-day despatch will convey letters, newspapers, &c. for the stations noted in the margin, thus giving them an advantage of 8 hours over the night Mail. The hour most suitable for despatching the second daily Mail from Khamrah will be fixed by the local Post Master, so that, similar convenience may be afforded to the Public, by a saving of 12 hours, more or less, in the arrival of letters, &c. in Calcutta from the stations specified.

It has not been found expedient to extend the double despatch on this line of Dawk route, beyond Khamrah, as the great increase of expense for the maintenance of the additional establishment which would thus be required, would not be compensated for by the advantage likely to be gained.

Arrangements are making for adopting a similar double-despatch, along the whole line of Dawk route, from Calcutta to Kurnaul, which will, probably, be brought into operation by the 1st of February next; but of which, further notice will be given, hereafter.

Letters for the stations specified which may be intended for transmission by the mid-day Mails, must be delivered at the General Post Office between the hours of 10 and 11 A. M.

Offg. Post Master General.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

It being understood that Public Officers, in ignorance of the existence and nature of the Orphan Press Contract with Government, occasionally employ other Presses to the prejudice of the Orphan Institution, the General Management deem it expedient to publish, for general information, the following extract of a Letter from Mr. Secretary Prinsep, shewing that the Orphan Press has the exclusive privilege of Printing for Government.

“I am directed to acknowledge the receipt of your letter of the 6th instant, and in reply to state that it is by no means the intention of the Government to withdraw any part of its printing business from the Orphan School Establishment, or to allow Public Officers to give a preference to other Presses. The Goods and Merchandize of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Government, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advances is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

Ditto.....	Madras.
Ditto.....	Bombay.
Per Spanish Dollar Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance affecting them, both

in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose so to realize the Company's interest of the Bills, and the charges, including freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to Insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to Insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 of 1838.

KURNEEDHUN BAHDHURMUL.

17th Sept. 1840.

East India Army Agency,

16, CORNHILL, AND 8, ST. MARTIN'S PLACE,
CHARING CROSS.

Messrs. GRINDLAY, CHRISTIAN, & MATTHEWS.

THE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his sole management; and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN AND MATTHEWS, he begs to assure his numerous friends and well wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance. Its pretensions were tested by experience; and the value of the facilities which it afforded for the transaction of business, tried and vouches for by a large proportion of those whose engagements led them to India. It is acknowledged with pride, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment, and greatly enlarging the circle of its business.

In conclusion, Messrs. GRINDLAY, CHRISTIAN AND MATTHEWS have only to remind their Subscribers and the Public at large, that they continue to transact every description of business connected with India and the Colonies.

Parties desiring to support this Agency are informed that Subscriptions of 12 Rupees per annum will be received by

Messrs. COLVIN, AINSLIE, COWIE & Co., Calcutta.
Messrs. BINNY & Co. Madras.
Messrs. LECKIE & Co. Bombay.
Messrs. FRITH & Co. Do.

The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested are authorized to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance or payment of the Bills, the Court of Directors to be empowered to sell the Goods, and at such times as they may see fit to sell the Goods, for the purpose of repaying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

POST OFFICE NOTICE.

NOTICE.—Under the Orders of the Hon'ble the President in Council, from and after the 15th of the ensuing month of January, there will be a second despatch, daily, from Calcutta to Khamrah, six stages in advance of Berhampore; as, also, a second daily despatch thence to Calcutta. The ordinary Mail, from Calcutta, as at present,

will go out at 8 p. m. The other daily despatch will be sent off at noon.

Barrackpore	Jehanagore
Serampore	Patoolee
Chandernagore	Cutwah
Hooghly	Mera
Noiserai	Berhampore
Digrah	Jagunge
Santipore	Bogowangolah
Nuddea	Jumgypore
Calnah	Khamrah

The mid-day despatch will convey letters, newspapers, &c. for the stations noted in the margin, thus giving them an advantage of 8 hours over the night Mail.

The hour most suitable for despatching the second daily Mail from Khamrah will be fixed by the local Post Master, so that, similar convenience may be afforded to the Public, by a saving of 12 hours, more or less, in the arrival of letters, &c. in Calcutta from the stations specified.

It has not been found expedient to extend the double despatch on this line of Dawk route, beyond Khamrah, as the great increase of expense for the maintenance of the additional establishment which would thus be required, would not be compensated for by the advantage likely to be gained.

Arrangements are making for adopting a similar double-despatch, along the whole line of Dawk route, from Calcutta to Kurnaul, which will, probably, be brought into operation by the 1st of February next; but of which, further notice will be given, hereafter.

Letters for the stations specified which may be intended for transmission by the mid-day Mails, must be delivered at the General Post Office between the hours of 10 and 11½ A. M.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

No. 14.

OUR GOVERNOR OF THE PRESIDENCY OF FORT WILLIAM IN BENGAL.

A copy having been transmitted to us of a Despatch addressed by Sir George Gipps to Her Majesty's Secretary of State for the Colonial Department, under date 1st November, 1839, relative to the effect of the alteration of the Minimum price of Land in New South Wales upon the interests of Naval and Military Settlers, we deem it proper, with reference to our Despatch in this Department of the 25th September last, to forward a copy of the same for information, and to apprise you, that Lord John Russell having had the subject under consideration, has not thought fit to direct any modification in the existing Regulations, beyond that reported in the Despatch, copy of which is now forwarded.

Executive.

No. 142.

THE MARQUIS OF NORMANBY,
&c. &c. &c.

MY LORD,

In the concluding part of my Despatch No. 62 of the 1st April last, I stated to your Lordship the course which I had then adopted with respect to the remission allowed in the purchase of Land to Military and Naval Officers settling in the Colony, and that under the advice of the Executive Council it had been determined that all Officers, who might bona fide have left England on the 1st of the Regulations of the 15th August, 1834, should be considered Settlers under those Regulations, and have the full benefit of them.

I have now to report to your Lordship that difficulties having arisen in deciding upon the claims of Officers to be considered Settlers under the old Regulations, I felt the necessity of laying down some definite Rule upon the subject, and that consequently, it was fixed with the advice of the Executive Council, that all Officers who left the United Kingdom before the 1st January, 1839, should have the full benefit of the Regulations of the 15th August, 1834, whilst those who might leave England on or after the same day, should be considered Settlers under the Regulations of the 1st August, 1838.

As I have reason to believe that some Officers who feel themselves aggrieved under this decision, have made representations on the subject to the Lords of the Admiralty, or to the General Commanding in Chief, I feel it right to address your Lordship more at length upon the subject, and particularly to explain the way in which Officers are affected by the change in Regulations.

The Regulations of 1838 differ from those of 1834 solely by the omission of the 8th Clause, or the Clause by which Officers were allowed to take the amount of their remission money in land at the upset price and without competition, provided such land had been previously exposed to sale at public auction, and not bought. Under the old Regulations, as under the new, the advantages held out to Officers were estimated in money and not in land, at the price at which Officers were allowed by the 8th Clause of the old Regulations to obtain land which had been exposed to auction, was not the fixed price of 5s., but the upset price which would never be less than 5s. per acre, though it might very much exceed it. Whatever might be the price at which a certain piece of land had been put up, at that price an Officer could obtain it; such at least (I apprehend) the meaning of the Regulations: in practice, however, all land was, with little exception, put up, until very lately at 5s. per acre, whatever might be its value, and as at every sale a good deal remained unsold, the aggregate quantity of land which had been put up at 5s. but not sold,

came to be very considerable, but of this land it was not difficult for an Officer having good means of information, and allowing himself sufficient time for enquiry, to select portions worth considerably more than 5s., and by a local Regulation he was not confined to the exact quantity sufficient to absorb his remission money, but was allowed to take at the same price of 5s. the excess that there might be in the lot or lots selected by him, over what his remission money could cover. For example, a Captain in the Army entitled to a remission of £200 might select two sections of 640 acres each (one section not being sufficient to absorb his remission money.) The price of these two sections of land at 5s. per acre would be £320, he would, therefore, in addition to his remission money have to pay one hundred and twenty pounds out of his pocket: the real value of the land, however, or what it would fetch if again put up at auction, might be, and perhaps generally was, about seven shillings, it is therefore evident that in addition to his remission money he must gain an advantage of two shillings per acre on the whole one thousand two hundred acres, or one hundred and twenty-eight pounds, making his real remission three hundred and twenty-eight pounds in lieu of two hundred pounds. In proportion to the rise in the value of land his advantage would of course be increased, and if it were so to rise as to make the value of the land 12s. per acre, the additional advantage would be 7s. on each of the 1280 acres (or £428) and the real remission would of course be £628 in lieu of two hundred pounds.

This Statement will sufficiently explain to your Lordship the dissatisfaction with which the new Regulations have been received by Officers recently arrived in the Colony. Many of those Officers have complained that they were not made aware of the change before they left England by any public notice, either from the Horse Guards or the Admiralty; but this omission (allowing it to have been such) is one for which I respectfully submit that this Government can be in no way responsible.

It seems to be extremely probable that the altered position in which Officers are placed by the new Regulations is not even known at the Horse Guards, as Certificates are still given to Officers, in which the August 1834 are quoted, although those Certificates are clearly under the Regulations of the 1st August 1838. A copy of one of these Certificates I enclose in which the Officer is stated to be about to proceed to New South Wales as a Settler, under the General Order of the 25th August 1834, although he obtained his first Commission in the Army subsequent to the new Regulations of August 1838.

I beg to assure your Lordship that I am always happy to see Officers of the Army or Navy in the Colony, and am anxious to secure to them all the advantages intended for them by Her Majesty's Government. At the same time I think it my duty to say that although they certainly are now in a less favorable position than they were, the real difference is that they henceforth will get only what was intended for them, whilst heretofore they got more.

I have the honor to be, &c.,

SIR,
I am directed by Lord John Russell to transmit to you for the information of the President of the Board of Control, the copy of a Despatch from the Governor of New South Wales, relative to the effect which the alteration of the minimum price of land in that Colony has on the interests of Naval and Military Settlers.

Lord John Russell has had under his consideration, representations from various parties affected by the recent Regulation; but His Lordship does not feel justified in directing a further modification of it in favor of Naval or Military Settlers than that reported in the enclosed Despatch. The amount of remission which may be accorded to them in the purchase money must be considered as quite independent of any increase which may take place in the price of land at Government Sales.

I am, &c.,

The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose so re-paying the Company the amount of the Advances and Discount, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

POST OFFICE NOTICE.

NOTICE.—Under the Orders of the Hon'ble the President in Council, from and after the 15th of the ensuing month of January, there will be a second despatch, daily, from Calcutta to Khamrah, six stages in advance of Berhampore; as, also, a second daily despatch thence to Calcutta. The ordinary Mail, from Calcutta, as at present, will go out at 8 P. M. The other daily despatch will be sent off at noon.

Barrackpore	Jehanagore	The mid-day despatch will convey letters, newspapers, &c. for the stations noted in the margin, thus giving them an advantage of 8 hours over the night Mail. The hour most suitable for despatching the second daily Mail from Khamrah will be fixed by the local Post Master, so that, similar convenience may be afforded to the Public, by a saving of 12 hours, more or less, in the arrival of letters, &c. in Calcutta from the stations specified. It has not been found expedient to extend the double despatch on this line of Dawk route, beyond Khamrah, as the great increase of expense for the maintenance of the additional establishment which would thus be required, would not be compensated for by the advantage likely to be gained.
Serampore	Patoolee

Hooghly	Meral	
Noiseral	Berhampore	
Digrah	Jeagunge	
Santipore	Bogowangolah

Arrangements are making for adopting a similar double-despatch, along the whole line of Dawk route, from Calcutta to Kurnaul, which will, probably, be brought into operation by the 1st of February next; but of which, further notice will be given, hereafter.

Letters for the stations specified which may be intended for transmission by the mid-day Mails, must be delivered at the General Post Office between the hours of 10 and 11½ A. M.

NOTIFICATION.

WITH reference to the notice of the undersigned, dated 27th ultimo, it is hereby further notified that from the 1st proximo, the mid-day despatch will be extended to the line of Trunk Road between Calcutta and Loodianah, from each of which places a Mail, for the other extreme end, will be despatched at noon. This despatch will include Letters, &c., for the several Stations noted in the margin. OVERLAND LETTERS AND POSTAGE.

It is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 6d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

East India Army Agency,

16, CORNHILL, AND 8, ST. MARTIN'S PLACE,
CHARING CROSS.

MESSRS. GRINDLAY, CHRISTIAN, & MATTHEWS.

THE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his sole management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN AND MATTHEWS, he begs to assure his numerous friends and well wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance.—Its pretensions were tested by experience, and the value of the facilities which it afforded for the dispatch of business, tried and vouched for by a large proportion of those whose engagements led them to India. It is acknowledged with pride, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment and greatly enlarging the circle of its usefulness.

In conclusion, Messrs. GRINDLAY, CHRISTIAN AND MATTHEWS have only to remind their Subscribers and the Public at large, that they continue to transact every description of business connected with India and the Colonies.

Parties desiring to support this Agency are informed that Subscriptions of 12 Rupees per annum will be received by

Messrs. COLVIN, AINSLIE, COWIE & Co., Calcutta.
Messrs. BINNY & Co. Madras.

WEDNESDAY, OCTOBER 7, 1840.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

The 5th October, 1840.

The following Draft of a proposed Act was read in Council for the first time on the 5th October 1840.

Act No. — of 1840.

For amending the Law with respect to rates for Municipal purposes within the Town of Calcutta.

Whereas it is expedient to specify the particular purposes to which rates assessed on houses, buildings and grounds in Calcutta shall be applied; and to confine the appropriation of such rates to some only of the various purposes to which they have hitherto been deemed applicable. And whereas it is expedient to abolish the practice which has hitherto prevailed, of levying five per cent on the annual value of all houses, buildings and grounds, without reference to the amount necessary for accomplishing the purposes of the rates; such per-centage being inadequate for the purposes to which the rates have hitherto been deemed applicable, and which purposes it is proposed to limit by the present Act. And whereas it is expedient to make the per-centage leviable by quarterly rates on the annual value of property to depend entirely on the expenditure necessary for accomplishing, in an efficient manner, the purposes to which the rates shall henceforth be applicable, and providing for all incidental expenses and casual deficiencies or defaults. And whereas it is expedient to subject the collection and administration of the funds raised for Municipal purposes in the various districts of the Town to the management of the rate-payers themselves within such districts respectively, whenever they are desirous of undertaking the same, and are willing to enter into proper arrangements for the purpose. And whereas it is expedient to modify the provisions of the Statute 33 Geo. 3, Cap. 52 in regard to assessments for the Town of Calcutta in order for the better collection of the same, reserving all the authority of such Statute in matters not inconsistent with this Act.

It is hereby enacted, that the assessments which by the Statute 33 Geo. 3 Ch. 52 are authorized to be made for the Town of Calcutta, shall be applicable to the following purposes only—viz. lighting, cleansing, watering and repairing the roads and streets of the said Town.

2. And it is hereby enacted, that the assessments and rates made under the authority of the said Statute shall be sufficient for accomplishing, in an efficient manner, the purposes mentioned in the last Section, for discharging all incidental expenses, and for making up deficiencies and defaults of every kind whatsoever.

3. And it is hereby enacted, for the encouragement of the control and supervision of the assessment and collection of the rates and the management thereof within particular districts being undertaken by the rate-payers themselves—the Justices at their Quarter Sessions shall publish quarterly the particulars of all sums laid out, and of all the expenses of collection and deficiencies during the preceding quarter within the following districts of the Town, so long as the assessment collection or management of the rates for such districts shall remain under their jurisdiction, viz. The districts of _____,

4. And it is hereby enacted, wherever two-thirds in number and value of the rate-payers of any of such respective districts shall apply to the Governor of Fort William in Bengal to undertake themselves the assessment, collection and management of the rates of such district, or any or either of these trusts, it shall be lawful for the Governor of Fort William in Bengal to authorize the same accordingly, at his discretion; provided always that such majority of rate-payers shall present a scheme which shall obtain his full approbation for the rate and efficient execution of the trusts the transfer of which from the present authorities is sought for. Provided always that in any such arrangement, the amount to be levied in any particular district shall not be considered as necessarily limited by the amount expended within such district, but shall be adjusted by the Governor of Fort William in Bengal upon reference to all local circumstances.

5. And it is hereby enacted, that for the better assessment and collection of rates under this Act, it shall be lawful for the Governor of Fort William in Bengal, to appoint such Assessor or Assessors, Collector or Collectors, and to make such union of the offices of Assessor and Collector, and to prescribe and make and take such securities for the due execution of this Act by the person or persons employed in assessments and collections and in the management of the rates collected as he shall deem expedient.

6. And it is hereby enacted, that it shall not be necessary in any Assessment rate or Warrant of distress under this Act to specify the names of the owners or occupiers of houses, buildings and grounds; but it shall be sufficient if every property rated be identified, and, in the case of houses numbered in any street, that the name of the street and number of the house rated be particularly specified.

7. And it is hereby enacted, that the Goods and Chattles of the owner of any property rated shall be seizable any where (except where property is concealed as hereinafter mentioned) for deficiency in the payment of rates. And that all property which shall be found upon any premises rated, shall be seizable for any arrears which may be due for a period of one year immediately preceding such seizure. And in the case of the seizure of the property of a tenant under such circumstances, he may deduct the amount of the levy from the next payment of his rent.

8. And it is hereby enacted, that where there is ground to suspect that property liable to distress under this Act is concealed in any Zenana, the Officer charged with the execution of the Warrant shall make a special report to the Justice granting the same, who shall thereupon follow, as closely as is practicable, the rules for the seizure of property in like cases adopted by Her Majesty's Supreme Court.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India, after the 5th day of December next.

The districts of _____.

4. And it is hereby enacted, whenever two-thirds in number and value of the rate-payers of any of such respective districts shall apply to the Governor of Fort William in Bengal to undertake themselves the assessment, collection and management of the rates of such district, or any or either of these trusts, it shall be lawful for the Governor of Fort William in Bengal to authorise the same accordingly, at his discretion; provided always that such majority of rate-payers shall present a scheme which shall obtain his full approbation for the safe and efficient execution of the trusts the transfer of which from the present authorities is sought for. Provided always that in any such arrangement, the amount to be levied in any particular district shall not be considered as necessarily limited by the amount expended within such district, but shall be adjusted by the Governor of Fort William in Bengal upon reference to all local circumstances.

5. And it is hereby enacted, that for the better assessment and collection of rates under this Act, it shall be lawful for the Governor of Fort William in Bengal, to appoint such Assessor or Assessors, Collector or Collectors, and to make such union of the offices of

Assessor and Collector, and to prescribe such rules and take such securities for the due execution of this Act by the person or persons employed in assessments and collections and in the management of the rates collected as he shall deem expedient.

6. And it is hereby enacted, that it shall not be necessary in any Assessment rate or Warrant of distress under this Act to specify the names of the owners or occupiers of houses, buildings and grounds; but it shall be sufficient if every property rated be identified, and, in the case of houses numbered in any street, that the name of the street and number of the house rated be particularly specified.

7. And it is hereby enacted, that the Goods and Chattles of the owner of any property rated shall be seizable any where (except where property is concealed as hereinafter mentioned) for deficiency in the payment of rates. And that all property which shall be found upon any premises rated, shall be seizable for any arrears which may be due for a period of one year immediately preceding such seizure. And in the case of the seizure of the property of a tenant under such circumstances, he may deduct the amount of the levy from the next payment of his rent.

8. And it is hereby enacted, that where there is ground to suspect that property liable to distress under this Act is concealed in any *Zemana*, the Officer charged with the execution of the Warrant shall make a special report to the Justice granting the same, who shall thereupon follow, as closely as is practicable, the rules for the seizure of property in like cases adopted by Her Majesty's Supreme Court.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India, after the 5th day of December next.

"An Officer promoted in either Wing who is Junior Regimentally and in the Service to one or more of the Officers in the other Wing of the Rank from

He will notwithstanding be entitled to the Pay and Allowances of his advanced rank and to its full advantages for line promotion."

FORT WILLIAM, 7th October, 1840.

No. 218 of 1840.—1. In continuation of General Orders of the 8th July last, No. 146, the Right Hon'ble the Governor General of India in Council is pleased to direct that the consolidated rates of Pay therein laid down, for the Non-Commissioned Officers and Privates of Her Majesty's and Hon'ble Company's Services, are to be drawn for men in confinement: the amount being disposed of* as directed in G. O. No. 184, 21st November 1823, and the prisoner being dieted under the regulations at present in force.

2. The same rates of Pay are to be drawn for men in Hospital, who will continue to be dieted by the Commissariat, as at present, in conformity with the Medical Regulations.

3. One month's pay to defray Funeral Charges as authorized in G. O. 5th October 1827, No. 207, will also be drawn at the above rates, for men deceased, whose bodies require sepulture.

4. The Pay of Boys attached to Her Majesty's Regiments of Dragoons, and Infantry, will be allowed as heretofore, at 5d. for the former, and 6½d. for the latter per day, with the new scale of rations. The Pay converted into Indian currency, at the rate of 2s. 0½d. per Rupee, will stand as follows:

	For 28 days.			For 29 days.			For 30 days.			For 31 days.		
Cavalry.....	5	11	5	5	14	9	6	2	0	6	5	3
Infantry, ...	7	6	10	7	11	1	7	15	4	8	3	7

5. The future rate of dry batta (or compensation in lieu of rations without spirits) payable, where, necessary, by the Commissariat Department, will be the same as at present, namely, Company's Annas (3-4.) Three and Four Pie per diem, this amount being a close approximation to the actual and general average cost of the new scale of rations, less the compensation for liquor, to be included in the future consolidated Regimental Pay of European Soldiers.

6. In cases where detachments moving or stationary may be without a Canteen Establishment, and it may become necessary in consequence for the Commissariat to issue Rum to the men, the rate of payment is to be Ten Pie for each dram, to be recovered by bills drawn by the department on Paymasters of Regiments, or Officers drawing the pay of the men thus supplied with liquor.

7. Whenever it may happen, that any of the articles prescribed for the Soldier's future rations, shall not be obtainable, Compensation in lieu is to be paid

* After providing for subsistence and clothing, the surplus to the appropriated towards the Regimental School, or otherwise usefully expended for any public and Regimental purpose, at the discretion of the Commanding Officer.

by the Commissariat at such rates, as will accord with the cost to Government of the same Articles, at the nearest European Station—the Commissariat Officer of which will grant a monthly certificate of such cost, for the information and guidance of the parties concerned.

8. It is left to the discretion of the Commissariat Department to issue either Tea or Coffee (or a proportion of both) as an article of the daily rations, as may be most convenient, or as circumstances may demand; but it is to be understood, that where both articles are procurable with equal facility, the wishes of Commanding Officers should be attended to.

9. In consequence of the difficulty of making the necessary arrangements for the introduction of the new scale of rations, in some of the more distant stations of the Bengal European Troops, it is hereby directed, that the provisions of General Orders, 8th July 1840, instead of having effect from the 1st November next shall come into operation throughout the Presidency of Fort William, from the 1st January, and in Afghanistan, from the 1st March 1841. The Governments of Madras and Bombay will adopt such similar measure of postponement, as may be considered expedient.

10. The extra daily allowance of half a pound of meat at present issued to the European Troops serving beyond the Indus is to be continued to them, should the General Officer Commanding the Troops in Afghanistan consider the allowance necessary, as a special indulgence, after the introduction of the new scale of rations, and until further orders.

11. The existing Regulations for the supply of Rum to Canteens, by the Commissariat, are not affected in any way by the new system of rations now under advertence.

The Collector has no objection to pass Packages, which are intended for private use, and not for Sale, unopened—provided that at the time they are applied for, satisfactory proof of their contents in the shape of Invoices, Bills, or Letters of Advice are produced. In the absence of these documents, owners should depute a person to be present at the opening of their Packages.

The Collector has nothing to do with the landing of Packages from Ships, nor with forwarding them to their owners or destinations.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 6d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

NOTIFICATION.

FORT WILLIAM,
SECRET DEPARTMENT,
THE 10TH OCTOBER, 1840.

The Governor General in Council has great satisfaction in giving publicity to the annexed copy of a despatch from Major General Sir Willoughby Cotton, K. C. B. and K. C. H., Commanding Troops in Afghanistan, announcing a brilliant success gained by a party of the 35th Regiment N. I. and of H. M. Shah Soojah's Troops, over Dost Mahomed Khan and his Oosbeg Confederates.

By order of the Right Hon'ble the Governor General in Council,

H. TORRENS,
Offg. Secy. to the Govt. of India.

Camp Cabul, 20th September, 1840.

SIR,—I have the greatest satisfaction in apprising you for the information of the Governor General, that I have this morning received accounts from Brigadier Dennie, dated the 18th instant, of a most brilliant action which took place on that day, wherein the Brigadier, with 230 of the 35th N. I., 270 of the Goorkha Corps; 2 guns, in conjunction with a party of Captain Anderson's Cavalry, the Jaunbazes and a few men of Captain Conolly's escort, totally routed the combined forces under Dost Mahommud Khan, and the Walee of Khoolum, wounding the former, and capturing his Tents, Kettle-Drums, Baggage, some Standards, and the only Gun he brought

into the Field (a large 16-pounder) with a further loss to the enemy of 500 killed, and a proportionable number of wounded.

The Brigadier speaks in the highest terms of the conduct of the Troops of all Arms engaged, which I shall fully detail when the official report reaches me: the loss on our side, the Brigadier mentions, as comparatively small. Lieut. Legeyt of the Cavalry, and Captain Hart of the Jaunbazes, are the only Officers, his private letter names, as wounded.

The flight is represented as complete.

Brigadier Dennie's decision and judgment, in immediately with the Force, though small, which he had with him, attacking the enemy, deserves in my opinion the highest praise.

This action will have the best effect and be the means of tranquillizing the spirit of insurrection which was rife in various parts of the country, and of effectually destroying all influence Dost Mahommud might have hoped to have excited. The official report shall be transmitted the moment it reaches me.

I have, &c.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 of 1838.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 5TH OCTOBER, 1840.

The following Draft of a proposed Act was read in Council for the first time on the 5th October 1840.

ACT No. — of 1840.

For amending the Law with respect to rates for Municipal purposes within the Town of Calcutta.

Whereas it is expedient to specify the particular purposes to which rates assessed on houses, buildings and grounds in Calcutta shall be applied; and to confine the appropriation of such rates to some only of the various purposes to which they have hitherto been deemed applicable. And whereas it is expedient to abolish the practice which has hitherto prevailed, of levying five per cent on the annual value of all houses, buildings and grounds, without reference to the amount necessary for accomplishing the purposes of the rates; such per-centage being inadequate for the purposes to which the rates have hitherto been deemed applicable, and which purposes it is proposed to limit by the present Act. And whereas it is expedient to make the per-centage leviable by quarterly rates on the annual value of property to depend entirely on the expenditure necessary for accomplishing, in an efficient manner, the purposes to which the rates shall henceforth be applicable, and providing for all incidental expences and casual deficiencies or defaults. And whereas it is expedient to subject the collection and administration of the funds

raised for Municipal purposes in the various districts of the Town to the management of the rate-payers themselves within such districts respectively, whenever they are desirous of undertaking the same, and are willing to enter into proper arrangements for the purpose. And whereas it is expedient to modify the provisions of the Statute 33 Geo. 3, Cap. 52 in regard to assessments for the Town of Calcutta in order for the better collection of the same, reserving all the authority of such Statute in matters not inconsistent with this Act.

It is hereby enacted, that the assessments which by the Statute 33 Geo. 3 Ch. 52 are authorized to be made for the Town of Calcutta, shall be applicable to the following purposes only—viz. lighting, cleansing, watering and repairing the roads and streets of the said Town.

2. And it is hereby enacted, that the assessments and rates made under the authority of the said Statute shall be sufficient for accomplishing, in an efficient manner, the purposes mentioned in the last Section, for discharging all incidental expences, and for making up deficiencies and defaults of every kind whatsoever.

3. And it is hereby enacted, for the encouragement of the control and supervision of the assessment and collection of the rates and the management thereof within particular districts being undertaken by the rate-payers themselves—the Justices at their Quarter Sessions shall publish quarterly the particulars of all sums laid out, and of all the expences of collection and deficiencies during the preceding quarter within the following districts of the Town, so long as the assessment collection or management of the rates for such districts shall remain under their jurisdiction, viz. The districts of _____

4. And it is hereby enacted, whenever two-thirds in number and value of the rate-payers of any of such respective districts shall apply to the Governor of Fort William in Bengal to undertake themselves the assessment, collection and management of the rates of such district, or any or either of these trusts, it shall be lawful for the Governor of Fort William in Bengal to authorise the same accordingly, at his discretion; provided always that such majority of rate-payers shall present a scheme which shall obtain his full approbation for the safe and efficient execution of the trusts the transfer of which from the present authorities is sought for. Provided always that in any such arrangement, the amount to be levied in any particular district shall not be considered as necessarily limited by the amount expended within such district, but shall be adjusted by the Governor of Fort William in Bengal upon reference to all local circumstances.

5. And it is hereby enacted, that for the better assessment and collection of rates under this Act, it shall be lawful for the Governor of Fort William in Bengal, to appoint such Assessor or Assessors, Collector or Collectors, and to make such union of the offices of Assessor and Collector, and to prescribe such rules and take such securities for the due execution of this Act by the person or persons employed in assessments and collections and in the management of the rates collected as he shall deem expedient.

6. And it is hereby enacted, that it shall not be necessary in any Assessment rate or Warrant of distress under this Act to specify the names of the owners or occupiers of houses, buildings and grounds; but it shall be sufficient if every property rated be identified, and, in the case of houses numbered in any street, that the name of the street and number of the house rated be particularly specified.

7. And it is hereby enacted, that the Goods and Chattles of the owner of any property rated shall be seizable any where (except where property is concealed as hereinafter mentioned) for deficiency in the payment of rates. And that all property which shall be found upon any premises rated, shall be seizable for any arrears which may be due for a period of one year immediately preceding such seizure. And in the case of the seizure of the property of a tenant under such circumstances, he may deduct the amount of the levy from the next payment of his rent.

8. And it is hereby enacted, that where there is ground to suspect that property liable to distress under this Act is concealed in any house, the Officer charged with the execution of the warrant shall make a special report to the Magistrate, who shall thereupon issue a warrant to the Officer to search the house, and if he finds any property liable to distress, he shall thereupon seize the same.

rules for the seizure of property in like cases adopted by Her Majesty's Supreme Court.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India, after the 5th day of December next.

OVERLAND LETTERS AND POSTAGE.

It is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

SUPPLEMENT TO

The Calcutta Gazette.

Published by Authority.

WEDNESDAY, OCTOBER 14, 1840.

FORT WILLIAM,
JUDICIAL AND REVENUE DEPARTMENT,
THE 28TH SEPTEMBER, 1840.

The Right Hon'ble the Governor General of India in Council is pleased to direct, that the following Resolutions and Schedule relative to Works of Public Utility constructed by Individuals at their own private cost within the North Western Provinces, be published for general information.

Resolution by the Right Hon'ble the Governor General of India in Council.

In continuation of the Memoir published in the Calcutta Gazette of the 18th March 1835, the Right Hon'ble the Governor General of India in Council, cordially concurring in the sentiments expressed in the Resolution recorded by the Hon'ble the Lieutenant Governor N. W. Provinces, dated the 20th July last, upon the subject of Works of Public Utility executed throughout the N. W. Provinces at private cost, and being desirous that the greatest publicity should be given to the honorable examples of public spirited munificence contained in the List which is appended to it, is pleased to direct that the Resolution in question, together with the Schedule appended to it, be published for general information in the Calcutta Gazette, and in the Bengalee and Oordhoo Gazettes.

Resolution by the Hon'ble the Lieutenant Governor N. W. Provinces, dated the 20th July 1840.

The several functionaries of the North Western Provinces having, in accordance with the provisions of the Resolution of Government, dated the 8th October 1839, furnished a report of the various Works of Public Utility executed by Individuals at their own private cost, with a list of their names—His Honor the Lieutenant Governor is pleased to record the following observations thereon.

It is satisfactory to His Honor to remark, that although of the Works reported there are none on a very extensive scale, yet there are many of great local importance, and which from their number form no inconsiderable addition to the operations of public improvement now in progress throughout these Provinces.

To those individuals who have thus distinguished themselves as public benefactors, the thanks of Government are due, and His Honor expressed a sincere hope, that they will persevere in a course which is productive of credit to themselves and advantage to the community at large.

While thus expressing generally his feelings of approbation of these acts of public benevolence, His Honor feels himself bound to select from this honorable body, some individuals who are in His Honor's opinion pre-eminently entitled to notice.

Division Allahabad, Zillah Allahabad. Dalcund Mittur constructed at an outlay of Rupees 44,000 1 Tank, 2 Wells and an avenue of trees; also a Bazaar, all of which are thrown open to the public. In return for this munificence, the Commissioner recommends, that he be presented with a Khelut of 5 Parchas.

Zillah Futtehpore. Zoofacar Ally Bahadur has erected a Pucka Seraie on the high road, at an expence of 5000 Rupees.

Division Meerut, Zillah Bohendshuhur. The thanks of Government are due, in the opinion of the Commissioner, to Rajah Kishen Chund, Jagheerdar of Burodah, for the construction of 2 Puckah Bridges one over the Choonea Nuddee at an expence of Rupees 7,000, and one over another Stream, of the same name, at a cost of 4,500, both works of great utility,—total expence 11,500 Rupees.

Division Rohilkhund, Zillah Shajehanpore. Sunkur Suballee built at the expence of 800 Rupees a Puckah Bridge over the Buxan Nullah. The Commissioner recommends that a Medal or title as Koonwar, be conferred on him in return.

His Honor confidently hopes that the excellent example afforded by these individuals will be cordially followed by many others, and thus private munificence may form an union with the exertions of the Government in promoting and executing such works as will bring into action the resources of this vast country, and add greatly to the comfort and happiness of its inhabitants.
